Presidents Notes

Hello Marksmen:

It's me Ray Carlson filling in for Harry who
is on vacation. Hope your summer is going
well. It seems if it's not hot then it's raining.

I went to War Birds at Lum's Pond on
Thursday and boy was it hot.
A pilot was flying his plane when his throttle
linkage came off. He was waiting for it to run
out of gas to make a dead stick landing.
Instead of giving him help or support one of
the event staffers rattled him because he
was holding up other pilots waiting to fly.
This staffer put a lot of pressure on a fellow
modeler at a time when he was doing the
best he could to save his plane. I know at
our field when someone has a problem we
all look for ways to help. The man did make
a good landing and really didn't hold up the
show. I think the staffer was a real jerk for
his actions. That's what separates MARKS
members, if anyone needs help, everyone
jumps in to help. Keep up the good work
and I will see you at the field.
