## Free Airplanes

56" Falcon completely built with old radio (no transmitter), Cox 19 engine. This plane I built about 50 years ago but the frame is in good shape but the skin on the wings is gone. The engine turns over well with good compression and it had little use.

Aeronca Champ 65" wing, half built, with float kit, and or wheels, I think both are still in the box. All plans etc. are in the box but no engine, radio or hardware. This was purchased as is about 20 years ago.

If interested, contact George Hires 443-366-6564

## Executive Committee Meeting Minutes for November 13, 2021

- Special Executive Committee meeting
- Held at Waybright Field
- 6 Executive Committee members present
- The meeting was called to order at 12:00 pm by President Wally Makuchal.
- After discussion of the dues structure, a motion was passed to reverse the increase of the Individual membership rate. The dues now stand at:
  - Individual \$100
  - Family \$50
  - Associate \$40
  - Vacation \$50
  - Youth \$50
- It shall be noted that dues are effective for the period April 1 until March 31. The club treasurer prefers dues be submitted electronically.
- A motion was passed to submit a Bylaws change for vote at the January meeting, to eliminate the need to submit an application each year when dues are paid. The application is only needed for new members. An update form for current members will be created to capture changes such as address.
- With no other business to discuss, a motion was made and passed to adjourn at 12:25 pm.

## Showell Elementary School Visit

From Wally Makuchal:

On November 11, 2021, MARKS club members Wally Makuchal, John Haffner, and Rick Witherow were, upon request of school teacher Valerie Zeinty, invited to give a presentation and demonstration about the logistics of aircraft flight and the joys of RC flight. The students at Showell Elementary School in Berlin were very enthusiastic about learning Newton's Law of Gravitation, airfoil lift theory, and the basic principals of flight. We covered fixed wing aircraft as well as quadcopters and their many uses to benefit society. At the close of our presentation, Ms. Zeinty was very pleased and invited us back next spring for another presentation, this time with outdoor flight demos. This event was considered a success and we hope to be invited to other venues to spread the joys of flight to our youth.

## Informal Bloody Baron Combat at Waybright Field
